Lata Between grammar and use

*Nasser Ibrahim Al-Nuaimi **

ABSTRACT

This research revealed the origin of (Lata) and searches in its work (mamoulha) and nature.

Also, the research discussed the usage of (Lata) by old and recent researchers. The research showed that ((Lata) is a negative article which means an impossible adverb and also concluded that (Lata) is an independent article and it didn't work in the sentence (grammatically) and finally its use is very rare.

Keywords: Lata, Function, Use.
